

# LETTERBOXES 2

Can you find the correct places for the titles in the word list? The starting letters for all the titles are given in the circles. Letters may be used as parts of other titles because of overlapping or crossing. The titles read in a straight line and in all directions—forward, backward, up, down, and diagonally. Do not pass over a black square as you are solving. When the puzzle is completely solved, there will be a letter in every space. We have filled in one word to start you off.
